

## LET'S GO DIVING!

Cozumel has some of the best Caribbean diving we've seen. An easy flight from Grand Junction, Colorado connecting in Dallas puts you on the beach by mid afternoon. We like Iberostar Resort on the southern end of the island. The food there is great, the staff is friendly and diving is close.

Summer is a great time to go to Cozumel. The water is warm and the resort and dive sites are less crowded than winter months. The price in July and August is just \$1538.00 per person including air from Grand Junction, all taxes and transfers, all meals and drinks. If you fly out of Denver the price is about \$1150.00 per person.

What are you waiting for? Call or email today to make your summer vacation plans.
